內容簡介——活著就為了改變世界

我活著，就是为了改变世界。

领袖和跟风者的区别就在于创新。

晚上上床睡觉前，自己能够说声“我们已漂亮地干完活儿了”，这对于我来说比什么都重要。所以，成为坟墓中最有钱的人，对我来说毫无意义。

我在过去的33年里，每天都看着镜子里的我问自己：“今天假如是我这一生的最后一天，我要做些什么呢？”我的答案如果连续许多天都是“没有”时，我知道，我该做些什么了。（来自 Steve Jobs 序言）

my view of this book

I've spent a weeks on reading his book,I believed that he had absolutely change our lives.

Innovation is one of the most important elements in his brain. The man ,Steve Jobs,human beings cannot change the routine of born and die,that is to say that no matter how great you were,how strong you were,you will die at the end.Then he told himself that if one men could not change the world in his lifetimes,he doesn't succeed his value in the world.That's the reason why he remained us,stay hungry,stay foolish.

I've learned a lot about Steve,I knew his ambitious,his rule and the way he success,I hope I will fulfill my life goal no matter how much it cost, I will never give up,stay hungry and stay foolish.
